

## **Polaroid Collection Holdings, 1998**

In 1998, Barbara Hitchcock, curator of the Polaroid Collection, provided the following listing of 451 photographers in the Polaroid Collection for the final print edition of *International Photography: Index to Photographers, Collections, and Exhibitions* (GK Hall, 1998).

Note: "S" in the quantity column (far right) means "substantial holdings," which the editors defined as more than 2 dozen prints. Those 45 appear at the top of the list. The rest are all "modest holdings," ranging from just a single print to 24.

Thanks to Andrew Eskind, one of the book's editors, for this material.
